Personal Website

Objective

Computer engineering student with a strong foundation in software development, problem-solving, and system optimization. Passionate about leveraging computational methods and machine learning to drive innovation. Seeking opportunities to apply technical expertise in a dynamic, growth-focused environment.

Skills

Strengths

- Leadership – Inspiring and guiding teams
- Problem Solving – Adapting and finding solutions
- Collaboration – Working effectively with others

Programming Languages

Java, Python, C, C#, HTML, CSS, JavaScript

Software Tools

- Adobe
- Visual Studio Code
- GitHub

Certifications

Programming & Software Development

- Java-Information Technology Specialist

Microsoft Office Suite

- Microsoft Office Specialist 2019 – Associate
- Microsoft PowerPoint 2019 - Associate
- Microsoft Word 2019 - Associate
- Microsoft Excel 2019 – Associate

Design & Engineering Tools

- SolidWorks CAD Design Associate

Education

Bachelor of Science in Computer Engineering — **Graduation May 2028**

St. Mary's University, San Antonio, TX

GPA: 3.7
Relative course work: C Programming, Calculus 2, Physics 2, Honors Graphics & Design, Object Oriented Programming (Java), Engineering & Society
Awards: Honors Scholar and Scholarship, Trustees' Scholarship, Valero Alamo Bowl Scholarship, Jack C. Jordan Scholarship, William Ludwikowski Scholarship
Extracurriculars: Honors Program, Society of Hispanic Professional Engineers (SHPE), Ready Set Research, Institute of Electrical and Electronics Engineers (IEEE), Resident Assistant, Unmanned Aerial Vehicle Club – Project Manager

Associate's Degree Equivalency and High School Diploma — **Jun 2024**

Northside School of Innovation, Technology, and Entrepreneurship (NSITE) – Holmes High School, San Antonio, TX

Awards: Service Academy Congressional Nominee, UIL Football Academic All-State, UIL Computer Science – 2nd Place District, KSAT Instant Replay Scholar Athlete of the Week,
Extracurriculars: Football – Varsity Defensive Captain, NHS – Chapter's Secretary, UIL Computer Science Club – Team Captain, Track and Field, and Swim and Dive

Professional Experiences

Spring Research Fellowship – Undergraduate Researcher — **Spring 2025**

- Applied partial differential equations to model permafrost thaw
- Developed Python scripts to simulate thawing

City of San Antonio (Information Technology Services) - Intern **Summer 2024**

- Recovered, processed, and documented 600+ outdated electronic devices, improving recycling processes and inventory tracking
- Provided daily technical support for Android and iOS devices, assisting 10-15 users
- Maintained accurate repair logs and support records to improve efficiency

Accenture Federal Services, IT Technical Support - Apprentice in Training **Spring 2024**

- Deployed 30+ Windows laptops, ensuring proper configuration, software installation, and functionality testing for end users
- Shadowed senior technicians to learn and assist in diagnosing complex hardware and software issues across multiple systems
- Managed and resolved 75+ support tickets in ServiceNow in a timely manner

City of San Antonio (Public Works) - Intern **Summer 2023**

Summer 2023 – Public Works Department

- Analyzed traffic patterns for 2,000 traffic lights using manual observation and software tools, generating 50+ reports with detailed recommendations
- Programmed, maintained, and synchronized 30+ traffic signals to optimize traffic flow
- Assisted with the transition to MaxTime cloud-based traffic controllers, including data migration, system configuration, and performance testing

---

Volunteering

St. Mary's Honors Program **2024 - Present**

- Assisted local elementary school by pressure washing and cleaning the campus

High School NHS Chapter **2023 - 2024**

- Distributed food, organized donations, and assembled care packages at food bank
- Painted murals at local middle school
- Picked up trash and assisted custodians with after-school duties

High School Football Program **2021 - 2024**

- Mentored elementary students
- Assisted at elementary and middle school events
- Assisted at elementary beautification projects
- Helped maintain and improve school grounds on campus
- Distributed Thanksgiving meals to families in need

Hobbies

Automotive

- Vehicle Maintenance – Performing routine fluid and filter changes on boats, RVs, trucks, and cars
- Engine & Transmission Rebuilding – Upgrading and modifying components, including camshafts, ported heads, cold air intakes, shift kits, and HD torque converters
- Auto Detailing – Washing, waxing, and polishing vehicles for enhanced appearance and protection

Fitness & Martial Arts

- Tae Kwon Do – 2nd Degree Black Belt with experience as a junior instructor
- Strength & Endurance Training – Engaged in powerlifting, swimming, running, and mountain biking

Technology

- Electronics & Robotics – Designing, building, and troubleshooting electronic circuits and robotic systems
- Game Design – Creating interactive experiences using programming and design principles
- Website Development – Building and optimizing web applications with front-end and back-end technologies
- Remote-Controlled Electric Cars – Modifying and optimizing RC cars for enhanced performance
